

Word Crazy

Objective

The student will read high frequency words.

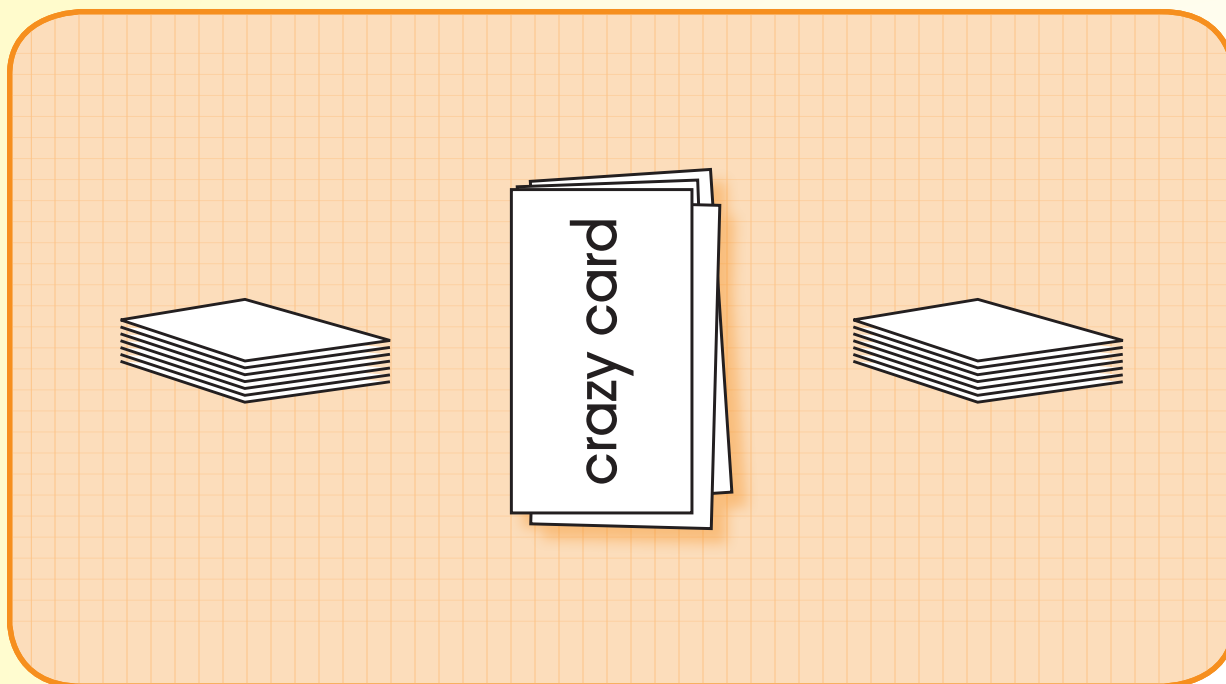

Materials

- ▶ High frequency words (P.HFW.005 - P.HFW.064)
Choose 25-35 target words.
Copy, laminate, and cut.
- ▶ Six “crazy” cards (Activity Master P.011.AM1)
Copy, laminate, and cut.

Activity

Students read high frequency words by playing a card game.

1. Shuffle word cards and crazy cards together and place face down in a stack at the center.
2. Students divide cards evenly keeping them face down.
3. Taking turns, student one quickly selects top card from his stack, lays it face up in a common pile, and reads it.
4. If read incorrectly, takes all the cards that are face up in the pile. If read correctly, student two places his top card face up on the pile and reads it.
5. When a “crazy” card is laid down, student who laid it takes all cards in the pile.
6. Game is over when one student is out of cards.
7. Peer evaluation

Extensions and Adaptations

- ▶ Make other target word cards to play the game (Activity Master P.HFW.065).

crazy card	crazy card	crazy card
crazy card	crazy card	crazy card
crazy card	crazy card	crazy card
