

## -- Gel Boards --

This gel board can be used for practicing number, letters, shapes or just for fun drawing. I was inspired to try my own version one after seeing something similar online. My kids love it and it was so easy and fun to make!

### **Supply List:**

- Hair gel (cheap stuff from the dollar store)
- Glitter
- Duct tape
- Cardboard
- Clear plastic bag (gallon size)

Step 1: Measure approximately 5-6 ounces of hair gel and mix in as much glitter as you want!

Step 2: Pour mixture into a clear food storage bag, press out as much air as possible and seal bag.

Step 3: Measure piece of cardboard and cut (carefully) to fit bag on top.

Step 4: . Affix the bag to the cardboard with duct tape.
