

## -- Felt Flowers --

### Supply List:

- Felt in a variety of colors
- Small branches
- Hot glue gun

Step 1: Cut heart shapes out of felt (2-4 per flower). The flowers pictured use 2" hearts but you can vary sizes.

Step 2: Place a small amount of hot glue at the bottom of a heart.

Step 3: Place a branch on the glue with the tip of the branch coming up to the point at the top of the heart and wrap the felt around the branch.

Step 4: Repeat steps 2 and 3 to create as many petals on your flower as you'd like. Make just one flower or a whole bouquet!
