

**Summer Program Literacy Assessment Report**

**The Summer Program Assessment** is a tool for you to track your students' literacy progress. Use the assessment at the beginning and end of your summer program.

**Materials:** Stopwatch, pen/pencil

**Directions:** Each assessment will be 60 seconds long. Make sure the student understands the instructions before beginning the appropriate assessment. Please allow the student time to figure out the word by themselves. If they spend too much time on any one word, skip to the next and mark the skipped word.

**Grades 4-5**

**Assessment 1 – High Frequency Words Test #1:** The Fast Words Test #1 is for 4<sup>th</sup> graders. Choose one of the test sheets provided. With the stopwatch, time how many words the student can read *correctly* in 60 seconds. If the 4<sup>th</sup> grader can read the entire list with 0 mistakes, move onto Assessment 2.

**Assessment 2 – High Frequency Words Test #2:** The Fast Words Test #2 is for 5<sup>th</sup> graders. Choose one of the test sheets provided. With the stopwatch, time how many words the students can read *correctly* in 60 seconds. If the 5<sup>th</sup> grader can read the entire list with 0 mistakes, move on to Assessment 3.

**Grade 6**

**Assessment 3 – Story Test:** For 6<sup>th</sup> Graders only. Determine how much of the story the student can read in 60 seconds by counting number of *correct* words read. After that ask the student to answer the reading comprehension questions and to define the vocabulary words that follow the story. The student gets one chance to answer each question or vocabulary word. This is untimed.
