

TOOL DRIVE

This Father's Day,
Celebrate the man in your life by giving the gift that keeps on building—a tool for Sacramento Habitat for Humanity in your Dad's name.

June 8th - 15th

Donate Tools at select Home Depot locations. Help fill Sacramento Habitat's toolbox so we can build more homes for families in need.

Habitat needs Tools!

The vast majority of Sacramento Habitat's tools are old and in disrepair. We are launching this drive to obtain much needed replacement of the affiliate's stock of hand and power tools that are used daily on our jobsites. With the start of construction on our 14-unit Indian Lane development, we will need these tools more than ever.

Examples of items we need:

- Drills
- Nail Guns
- Framing Hammers
- Generators
- Sledge Hammers
- Tape Measures
- AND MORE!

Donate new or gently used tools to selected Home Depot locations or directly to Sacramento Habitat for Humanity. For Donation locations and full Tool Wish List visit www.shfh.org and click "Tools for Habitat"
