

DO YOU WANT TO HELP LOCAL FOSTER YOUTH? JOIN:

UNITED WAY WOMEN IN PHILANTHROPY

United Way offers interest groups for those who want to join the movement and network with others who have similar interests.

United Way's Women in Philanthropy is a group of local women helping local foster youth. This group supports United Way's \$en\$e-Ability project which helps foster youth manage their finances and increase savings. 90% of the 200 foster youth in our program are earning credits toward matched savings accounts.

This dynamic group is one of 120 United Way women's groups nationwide and brings women together to foster the future, preparing foster youth for a successful adulthood. They raise funds, hold drives and provide trainings and experiences to help foster youth rise to their dreams. With more than 50,000 members across the country, United Way women's groups have raised \$700 million since 2001 and are expected to reach \$1 billion this year.

“The \$en\$e-Ability matched savings accounts are amazing and one of the few benefits of being a foster youth. The financial literacy portion was like a training on things parents should be teaching you like how to open a bank account and protect yourself from identity theft, but on a bigger scale – they even brought in bankers! I feel really smart now.”
