

5 REASONS TO ROUND-UP FOR UNITED WAY

Did you know rounding up your spare change is one of the many ways you can support United Way? Link your credit or debit card and gather your spare change to support our community, a little bit at a time.

#1 - Your spare change can make a big difference.
Every time you make a purchase, your total is rounded up to the nearest dollar amount, with the extra change going to your monthly donation.

#2 - You can start small.
With United Way's Round-Up program, you're never donating more than 99 cents at a time.

#3 - You can control how much you give.
United Way's Round-Up program gives donors the option to cap their gift each month.

#4 - Round-Up donations are tax-deductible,
just as any charitable gifts are.

#5 - A little bit goes a long way.
Rounding up supports families and individuals across the California Capital Region.
